

Brian Rosol

Managing Director of Operations for Cyber Defense Labs

Brian Rosol is the Managing Director of Operations at Cyber Defense Labs. He oversees the company's cybersecurity consulting, operations, and technical teams. Brian is a driver of operational excellence in each engagement with our client partners. He is passionate about translating the complexities of cyber threats companies face and helping them reduce their business risks.

Prior to joining Cyber Defense Labs, Brian served as a Sheriff's Deputy in Colorado. He was a member of the SWAT team and worked as an instructor in Verbal De-escalation and Defensive Tactics. Brian brings a wealth of knowledge in investigative techniques, threat assessments, and crisis management. His tenure in law enforcement has equipped him with an acute understanding of the evolving landscape of cyber threats and their real-world implications.

Prior to his law enforcement career, Brian was the founder of a successful Health and Fitness company. He navigated the challenges of establishing and growing a company in a highly competitive market. His experience in building strategic partnerships, dedication to client satisfaction, and delivering results allowed him to grow the organization by 300% in 3 years and execute a successful sale.

Brian brings a passion for simplifying highly technical situations with cyber to help businesses make informed decisions that align with their objectives and protect the assets of their organization.

Brian earned his Bachelor of Arts degree from the University of Colorado.
